

Surf Pools Ltd.

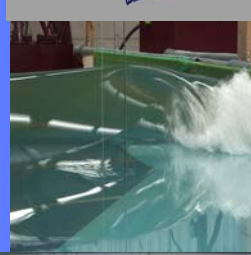

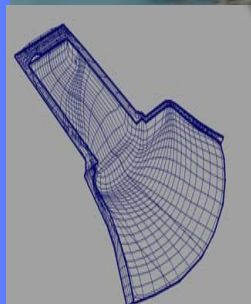

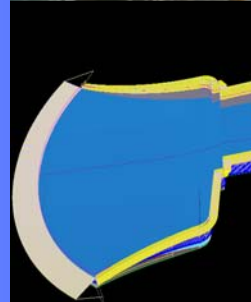

Innovating for Surfing.

## The Family Fun Pool

Our Family Fun pools are perfect for family resorts, small retail centers, water parks, and anywhere else that “kids and adults just want to have fun”. Requiring a small footprint and only producing small 2-4ft soft breaking waves, the pool is cost effective while still providing a great introductory surf experience for all ages.

This design is also the ultimate place to learn to surf; large enough to generate ride lengths of over 40 m. Waves break gently to make it very easy for beginners but are long enough for anyone to go out and have a blast on a longboard. This is a very versatile design that can be used for a variety of applications.

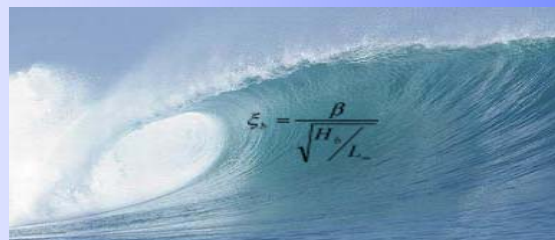

### Technical Data

### Schoolies and Billy Lids™

<b>Pool Size</b>	(ft <sup>2</sup> )	30892
	(m <sup>2</sup> )	2870
<b>Wave Height (crest to trough)</b>	(ft)	2' - 4'
	(m)	0.6-1.2
<b>Wave Frequency</b>	(sec)	15
<b>Energy Consumption (based on frequency)</b>	(hp)	3301
	(kw)	2462
<b>Ride Length</b>	(yards)	50
	(meters)	46
<b>Reef Configuration</b>		Fixed
