

Surf Pools Ltd.

Innovating for Surfing.

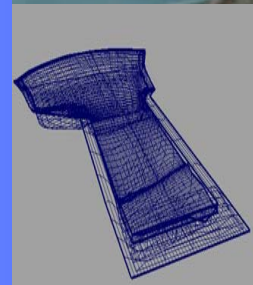

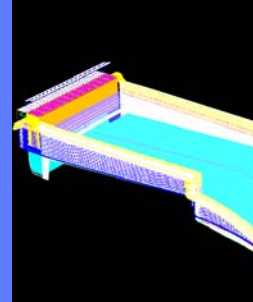

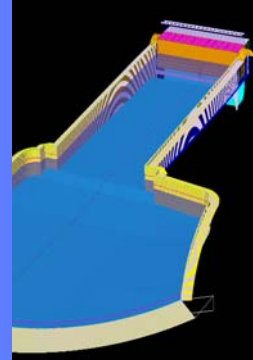

The Pro Pool Plus

The Pro Pool Plus design integrates the Pro surfing pool with a large lagoon to create a multi-purpose layout perfect for blending hard core surfing with boogie riding, body surfing, swimming and sun-bathing.

The Pro Pool Plus is a modern fusion pool, drawing its inspiration from "surfing blended with the traditional bobbing pool". In the Pro Pool Plus, hundreds of people may be swimming or boogie board riding in the lagoon and beach area, while high-performance surfing is happening at the same time in the Pro Pool channel.

Themed or independent surfing pool facilities can use the Pro Pool Plus to greatly increase their throughput. It more effectively uses the wave energy by transmitting residual waves into the lagoon and so the wave generation costs are greatly reduced. Surf schools can use the lagoon for teaching.

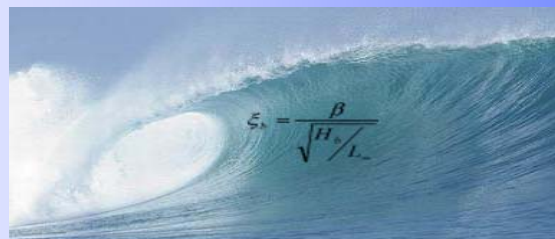

Alternatively, the Pro Pool Plus is for residential communities and or lifestyle resorts that want to create a well-rounded beach "lifestyle" experience. The pool and lagoon are the center piece of a large beach area where customers can enjoy surfing, swimming, and sunbathing, as if they were on their own Private Island.

Technical Data		Pro Pool Plus™
Pool Size	(ft ²)	107370
	(m ²)	9975
Wave Height (crest to trough)	(ft)	4'-6'
	(m)	1.6 - 2.0
Wave Frequency	(sec)	15
Energy Consumption (based on frequency)	(hp)	6604
	(kw)	4925
Ride Length	(yards)	104
	(meters)	95
Reef Configuration		Fixed
